

Drawings

The attached four drawing sheets include changes requested by Examiner in FIGS. 1, 2, 4 and 8. Four annotated sheets show changes made.

REMARKS

Drawing changes requested by Examiner in his 3/8/2005 office action have been made. A terminal disclaimer suggested by the Examiner to overcome non-statutory double patenting is attached. There were no other grounds for rejection. Therefore, all grounds for claims rejections have been cured.

Conclusion

For all of the above reasons, Applicants request that the claims as modified be allowed and that the application be allowed to issue as a patent.

Respectfully submitted
